INTRODUCTION

The Cost Accounting Setup/Cost Accounting Modification (CAS/CAM) document establishes the AFIS account structure (COA) that is to be used for all financial activity associated with a grant.

POLICIES

1. All grant awards for direct or pass-through Federal grants, as well as State grants, must be attached to the cost structure.
2. The grant agreement should be attached to the cost structure through a CAS/CAM document at the Program Period level.
3. Per [2 CFR 200.210 subpart C](#), Federal grant agreements and pass-through agreements must contain the following data elements:
 - 3.1. The recipient's name;
 - 3.2. The recipient's unique entity identifier;
 - 3.3. The unique Federal Award Identification Number (FAIN);
 - 3.4. The Federal award date;
 - 3.5. The Period of Performance start and end date;
 - 3.6. The total amount of the Federal award;
 - 3.7. The Federal award project description;
 - 3.8. The name of the Federal awarding agency and contact information of the awarding official; and
 - 3.9. The Catalog of Federal Domestic Assistance (CFDA) number.
4. For Federal grants, the associated CFDA number, if available, should be entered into the CAS/CAM document on the agency structure Program Period or Funding Line.

- 4.1. If there is no CFDA number associated with a Federal grant, a Schedule of Expenditures of Federal Awards Identification Number (SEFA ID) is constructed using the two-digit Federal agency identifier and the contract number.
- 4.2. Refer to SAAM 7015 for additional information.
5. If there is a change affecting an existing award, the revised grant agreement is to be attached to the CAM document.
6. The appropriate major program or program category should be used in the CAS/CAM document. The type of grant determines which category should be used. The CFDA number or SEFA ID is required if a Federal category applies.
7. The Major Program Categories and Program Categories are listed in the tables on the following page.
