QUICK REFERENCE GUIDE: HRIS PAYROLL TRANSACTION CORRECTIONS

HRIS PAYROLL TRANSACTION CORRECTIONS

Payroll Transactions are initiated in HRIS after each bi-weekly and daily Payroll runs. They are scheduled to be interfaced nightly into New AFIS using Payroll Expenditure Department Fund (PEDF1) documents.

Since these documents contain aggregated payroll information, they are grouped by like Chart of Accounts elements. For example, they are grouped when the Function, Program, and Program Period Code are the same or they simply have the same Function.

The Document ID is the unique identifier for each record within the new AFIS Document Catalog. The Document ID will be generated as follows:

Document ID parameter (M=Manual Payroll or S=Statewide Payroll) + Date of the payroll run in YYMMDD format + 5-digit sequence number

Example:

M15070600001 (for manual Payroll processing on 7/6/15)

Or

S15070700001 (for Main Payroll Compute on 7/7/15)

Whenever a change in value of Chart of Accounts occurs, the 5-digit sequence number portion of the Document ID field should be incremented by one.

However, when a change in value occurs for the New AFIS Object, the sequence number portion of the Document ID will not be incremented. For changes of Object values, a new Accounting line will be created within a Document ID.

Detail Accounting tab

Function field- Only Functions with Rollup type equal to HRIS and HRLG should be used on PEDF1 documents.

The following fields may be updated assuming that the Function does not already infer these fields; a hard inference cannot be overwritten during transaction entry

The screenshot shows the 'Detail Accounting' tab in a software interface. The top bar indicates 'Accounting' with summary statistics: 'Total Lines: 0', 'Accounting Line: none', 'Line Amount: none', and 'Line Open Amount: none'. Below this is a table with columns: 'Accounting Line', 'Line Amount', 'Line Closed Amount', 'Line Open Amount', 'Referenced Line Amount', and 'Event Type'. The table shows 'From 0 to 0 Total: 0' and navigation buttons: 'First', 'Previous', 'Next', 'Last'. A 'List View' button is on the right. The main area has tabs: 'General Information', 'Reference', 'Fund Accounting', 'Detail Accounting' (selected), 'Service Dates', and 'Additional Amounts'. The 'Detail Accounting' tab contains several fields, some highlighted with orange boxes: 'Location:', 'Sub Location:', 'Activity:', 'Sub Activity:', 'Function:', 'Sub Function:', 'Reporting:', 'Sub Reporting:', 'Task:', 'Sub Task:', 'Task Order:', 'Major Program:', 'Program:', 'Phase:', and 'Program Period:'. Each field has a small green up/down arrow icon next to it.
